

Storage and moving

Probably one of the least enjoyable tasks in our lives is storage and moving. Portable on demand storage can save you a lot of time and money. With portable on demand storage, you are in charge of when things are packed, when they are moved, and how long they are stored.

Portable on demand storage containers offer the most convenient way to organize your belongings. The container is five feet wide, seven feet tall, and eight feet deep. Containers are five feet wide, seven feet tall, and eight feet deep. The container holds one and one half rooms of furniture, which about the same as forty to fifty moving boxes. The floor of the container is only four inches off the ground which makes it easier to load than a rental truck.

The door of the storage and moving container closes with two latches that you lock with your own lock for added security.

Moving and storage has never been so easy as it is with portable on demand moving services. The moving container is delivered to your door so you can pack it up at your convenience. No need to worry about deadlines on returning a moving truck because the container remains on your property until you call the company to pick it up. Once your storage and moving container is ready to be moved, you can have it stored or sent directly to your new home. You can pack up a few rooms at a time and put them in storage until you are ready to move which can save you time and money.

Once you have loaded your [storage and moving](#) container, you lock it with your own lock. Your container is safe and secure because only you have the key to open it. The containers are made of wood to make it more breathable and to keep your belongings dry and free of mildew.

Thanks to portable on demand storage, storage and moving is no longer the tedious task of lifting heavy boxes. Storage and moving can be done at your own pace, saving you time and money. Related [Self-storage](#) - [Self-storage](#) -
